## WORLD HEALTHCARE CONGRESS EUROPE

5 – 7 March 2019 | Manchester Central, UK

### Leading Innovative Transformation

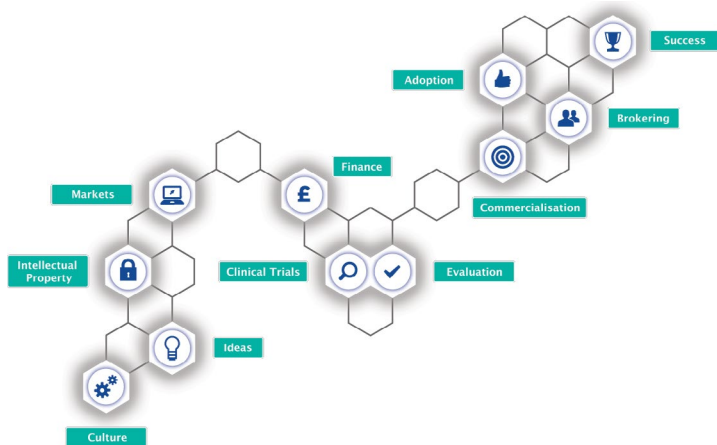

## Innovation Connect Session

Wednesday 6 March 2019  
15:30 – 17:30

Innovators and entrepreneurs attending the Business Partnering session at the annual World Health Congress Europe are provided an unrivalled opportunity to gain exclusive insights and advice from innovation experts and health and care decision makers at our Innovation Connect Session at the Conference in Manchester on March 6th 2019.

These 1-1 advice sessions are designed to help innovators and entrepreneurs understand both the opportunities and challenges in applying their technologies, products and services, by providing free of charge advice from innovation experts and decision makers on how to overcome potential barriers, inhibitors, technical and operational issues.

As a registered delegate you will be able to schedule your 1-1 advice sessions with innovation leaders with specialist knowledge and expertise across the innovation pathway.

### Benefits of attending the session to participants

- Gain expert insights
- Extend networks
- Identify possible areas for collaboration and partnership
- Validate value propositions

Information about the World Healthcare Congress Europe and Partnership Session and how to sign up for the Innovation Connect session will be provided when registering to attend the Congress as a delegate, on the Congress website - [www.europehealthcare.org](http://www.europehealthcare.org).

### Running the session

The Innovation Agency and Health Innovation Manchester will identify, approach and secure subject matter experts willing and available to participate in this session. Each subject matter expert will provide a biography that will include a summary of their specialist areas of expertise and knowledge which will be available to view on the congress website.
